**Institute of Medical Ethics**

The Institute of Medical Ethics is an independent, non-partisan organisation for the multidisciplinary study of medicomoral issues raised by the practice of medicine, and concerned with research, education, and information. It is financed by grants and donations from public and private sources. The Institute aims improve the quality of professional and public discussion of medicomoral questions; to promote the study of medical ethics; to promote high academic standards for this ever-developing subject; to encourage a multidisciplinary approach to discussion of the consequences of clinical practice; to stimulate research into specific problems; and to remain non-partisan and independent of all interest groups and lobbies.
