

The Journal of Medicine and Philosophy

Editor: EDMOND D. PELLEGRINO

Associate Editor: H. TRISTRAM ENGELHARDT, JR.

The Journal of Medicine and Philosophy explores the shared themes and concerns of philosophy and the medical sciences. Not since Galen's time has the contact between medicine and philosophy been so widespread; the Journal seeks to meet the challenge of this dialogue by providing a forum for philosophers, medical practitioners, educationists, and humanists to examine the problems and controversies stimulated by the engagement of these two disciplines.
