

THE PHILOSOPHICAL QUARTERLY

Editorial Chairman: Neil Cooper

Founded by the Scots Philosophical Club and the University of St Andrews in 1950, **The Philosophical Quarterly** aims to foster and publish significant contributions in every branch of the subject, promoting discussion of recent philosophical works, and providing critical reviews of recent books, in a style accessible to as wide a group of philosophers as possible.

Volume 37 1987:

Theoretical foundations of liberalism

JEREMY WALDRON

Whether certainty is a form of life

ELIZABETH WOLGAST

On the evidence of testimony for miracles: a Bayesian interpretation of David Hume's analysis

JORDAN HOWARD SOBEL

Hume versus Price on miracles and prior probabilities: testimony and the Bayesian calculation

DAVID OWEN

The Journal of Medicine and Philosophy

Editor

H. Tristram Engelhardt, Jr., *Center for Ethics, Medicine, and Public Issues, Baylor College of Medicine, Houston, USA*

Associate Editor

Stuart F. Spicker, *School of Medicine, University of Connecticut Health Center, Farmington, USA*

The Journal of Medicine and Philosophy continues to explore the shared themes and concerns of philosophy and the medical sciences. Not since Galen's time has the contact between medicine and philosophy been so widespread; the journal seeks to meet the challenge of this dialogue by providing a forum for philosophers, medical practitioners, educationists, and humanists to examine the problems and controversies stimulated by the engagement of these two disciplines.

The range of issues having philosophical import for medical research and practice is enormous. New developments in medical technology and expertise frequently create scientific and humanistic dilemmas, and medical decision making always involves philosophical presuppositions. Moreover, the concerns of philosophy often converge with those of medicine, as philosophers attempt to understand the nature of knowledge and the human condition. The purpose of the journal is to analyze this multifaceted relationship and to raise its discussion to a responsible and intellectually rigorous level.
