

Journal of Medical Ethics

The journal of the Institute of Medical Ethics

AIMS AND SCOPE

First published in 1975, the *Journal of Medical Ethics* has become a leading international journal that reflects the whole field of medical ethics. The journal aims to encourage a high academic standard for this ever-developing subject and the enhancement of professional and public discussion. The *Journal of Medical Ethics* is co-owned by the Institute of Medical Ethics and the BMJ Publishing Group Ltd.

INSTITUTE OF MEDICAL ETHICS

The Institute of Medical Ethics is an independent, non-partisan organisation for the multidisciplinary study of medico-moral issues raised by the practice of medicine, and concerned with research, education, and information. It is financed by grants and donations from public and private sources.

The institute aims to help improve the quality of both professional and public discussion of medico-moral questions; to promote the study of medical ethics; to promote high academic standards for this ever developing subject; to encourage a multidisciplinary approach to discussion of the consequences of clinical practice; to stimulate research into specific problems, and to remain non-partisan and independent of all interest groups and lobbies.
