

# Journal of Medical Ethics

## Contents

### The concise argument

- 131** Advancing technologies as both our saviour and our doom *J Wall*

### COVID-19 Current Controversies

- 133** COVID-19 ventilator rationing protocols: why we need to know more about the views of those with most to lose *W Kerr, H Schmidt*
- 137** Ethical allocation of future COVID-19 vaccines *R Gupta, S R Morain*
- 142** Global equitable access to vaccines, medicines and diagnostics for COVID-19: The role of patents as private governance *A McMahon*
- 149** Roles of genetics and blood type in clinical responses to COVID-19: ethical and policy concerns *R Klitzman*

### Clinical ethics

- 152** A discussion on controversies and ethical dilemmas in prostate cancer screening *S C Mishra*

### Current controversy

- 159** Can bioethics be an honest way of making a living? A reflection on normativity, governance and expertise *S Camporesi, C Cavaliere*

### Feature article

- 164** Arguments on thin ice: on non-medical egg freezing and individualisation arguments *T S Petersen*
- 169** Discussing social hierarchies and the importance of genetic ties: a commentary on Petersen *S Segers*

## March 2021 Volume 47 Issue 3

- 171** Disentangling the individualisation argument against non-medical egg freezing from feminist critiques *L Campo-Engelstein*
- 173** Individual solutions to social problems *O M Moen*

### Original research

- 175** Pain versus suffering: a distinction currently without a difference *C M Duffee*
- 179** A matter of time: grappling with everyday ethical tensions at the confluence between policy and practice in a psychiatric unit *R Motta-Ochoa, R Lencucha, J Xu, M Park*

### Responses

- 185** Insight is a useful construct in clinical assessments if used wisely *A David, K Ariyo*
- 187** Parental responsibilities and moral status *B P Blackshaw, D Rodger*
- 189** Defending the distinction between pregnancy and parenthood *P Singh*
- 192** Delineating the role of penile transplantation when traditional male circumcisions go wrong in South Africa *S Rennie, K Moodley*

### Student essay

- 194** Should mitochondrial replacement therapy be funded by the National Health Service? *S Rhys-Evans*

### Brief report

- 200** Triage and justice in an unjust pandemic: ethical allocation of scarce medical resources in the setting of racial and socioeconomic disparities *B Tolchin, S C Hull, K Kraschel*
