Quigley (UK); A. Reid (UK); J. Savulescu (UK); U. Schulekens (Canada); M. Segelid (Australia); I. Singh (UK); A. M. Slothower (UK); B. Steinbock (US); S. Unicace (Australia); C. Viegler (Canada); H. Widdovska (UK); D. Wilkinson (UK); J. Wolff (UK).

Institute of Medical Ethics
The Institute of Medical Ethics is an independent, non-partisan organisation for the multidisciplinary study of medico-moral issues raised by the practice of medicine, and concerned with research, education, and information. The Institute aims to improve the quality of professional and public discussion of medico-moral questions; to promote the study of medical ethics; to encourage high academic standards for this ever-developing subject; to encourage a multidisciplinary approach to discussion of the consequences of clinical practice; to stimulate research into specific problems; and to remain non-partisan and independent of all interest groups and lobbies.
